

Dear Mr. Gough:

Good morning! I appreciate the USCG response to our letter of March 18, 2014 on the subject of reference, and your availability to assist us in our planning and coordination efforts. I am referring your message to our Mitigation Plan Consultant, Mr. Jose A. Bravo, to help us better define the information that we will need from the USCG to be included in our Mitigation Plan given the various type of plans and capabilities of the USCG, and perhaps coordinate a telephone conference to better define the areas of assistance.

Yours truly,

Luis R. Rodriguez

Subject: Your letter of March 18, 2014 Re: Revisions to the Multi-Hazard Pre-Disaster Mitigation Plan for the Municipality of Cabo Rojo

Mr. Rodriguez (Director of Planning, Cabo Rojo),

Good morning sir, I was just given a letter dated march 18 from Major Roberto Ramirez Kurtz to Capt Drew Pearson (US Coast Guard) regarding the revisions to your multi-hazard pre-disaster mitigation plan for the Municipality of Cabo Rojo. I'm not sure if anyone has contacted your office, given that the invite was to participate in public meetings at the beginning of the month, but I wanted to follow up to see if there is anything that the planning staff here at Coast Guard Sector San Juan can do to assist you in your efforts. We have an Area Contingency Plan for the region (PR & USVI) that addresses oil and hazardous materials releases, we have port security plans, port recovery plans, search and rescue policy, and so on. Please let me know if you would like to talk more about coordination for emergency preparedness in the Municipality of Cabo Rojo.

v/r,

Wade W Gough, CEM

Port Security Specialist

Contingency Planning & Force Readiness Staff

US Coast Guard, Sector San Juan
